

PayForMe — Business Documents by Integration

Version: 1.0

Purpose: One checklist of company documents and which integration each is required for

Use this when: Applying to Arkesel, Hubtel SMS, MTN MoMo, Cloudflare R2, AWS S3, or partner banks

1. Company details to prepare once

Fill these in once and reuse across all applications.

Field	Example / notes
Legal entity name	PayForMe Ghana Ltd
Trading / brand name	PayForMe
Entity type	Private Limited Company
Country of incorporation	Ghana
Date of incorporation	From Certificate of Incorporation
Certificate of Incorporation number	RGD / Registrar number
Business Registration number	Ghana RGD unique ID
TIN (Tax Identification Number)	GRA-issued
VAT registration number	If VAT-registered
Registered office address	Full postal address
Operational address	If different from registered
Official company email	Prefer @yourdomain.com
Company phone & website	Live contact details
Authorized signatory	Name, title, ID, email, phone
Corporate bank account	Bank name, account name, account number

2. Master document list

#	Document	What it proves
D1	Certificate of Incorporation	Legal existence
D2	Memorandum & Articles / Constitution	Governance structure
D3	Business Registration certificate / extract	Current registration with RGD
D4	TIN certificate	Tax identity (GRA)
D5	VAT registration certificate	VAT status (if applicable)

D7	Proof of business address	Utility bill, lease, or bank stmt (≤ 3 months)
D8	Register of directors	Current directors
D9	Beneficial ownership (UBO) declaration	Owners with ≥ 25%
D10	Director / UBO Ghana Card or passport	Identity of controllers
D11	Board resolution	Authorizes signatory to sign partner agreements
D12	Corporate bank account confirmation letter	Settlement / billing account
D13	Audited financial statements	Financial standing (often requested for payments)
D14	AML / CFT policy	Anti-money laundering programme
D15	KYC / customer due diligence policy	How users are verified
D16	Privacy policy (published)	Data processing notice
D17	Terms of service (published)	Customer contract
D18	Information security policy	Data & infrastructure security
D19	Complaints / dispute procedure	Customer redress
D20	Data Protection Commission registration	Ghana DPA compliance (if applicable)
D21	Sample SMS message templates	OTP / notification wording
D22	HTTPS production domain proof	Live website or callback URLs
D23	Technical contact details	API / webhook engineering contact

3. Documents required per integration

Legend

Symbol	Meaning
Required	Must submit or provider will reject application
Often	Commonly requested; have ready
Optional	Only if provider asks
—	Not typically needed

SMS — Arkesel

Document	Required
----------	----------

D1 Certificate of Incorporation	Required
D3 Business Registration	Required
D4 TIN certificate	Required
D6 Business operating license	Often
D7 Proof of business address	Required
D8 Register of directors	Often
D10 Director / signatory ID	Required
D11 Board resolution	Often
D16 Privacy policy	Required
D21 Sample SMS templates (OTP, alerts)	Required
D22 Live website / app URL	Required
Approved Sender ID application (≤ 11 chars)	Required (Arkesel-specific)

Also provide: use case description (verification OTP, withdrawal OTP, notifications), estimated monthly SMS volume.

SMS — Hubtel

Document	Required
D1 Certificate of Incorporation	Required
D3 Business Registration	Required
D4 TIN certificate	Required
D6 Business operating license	Often
D7 Proof of business address	Required
D8 Register of directors	Often
D10 Director / signatory ID	Required
D11 Board resolution	Often
D12 Corporate bank account letter	Often
D16 Privacy policy	Required
D21 Sample SMS templates	Required
D22 Live website / app URL	Required
Hubtel merchant / SMS onboarding form	Required (Hubtel-specific)

Env when approved: SMS_PROVIDER=hubtel , HUBTEL_SMS_CLIENT_ID , HUBTEL_SMS_CLIENT_SECRET , HUBTEL_SMS_SENDER_ID

MTN MoMo (Collections)

Document	Required
D1 Certificate of Incorporation	Required
D2 Memorandum & Articles	Required
D3 Business Registration	Required
D4 TIN certificate	Required
D5 VAT certificate	Often
D6 Business operating license	Required
D7 Proof of business address	Required
D8 Register of directors	Required
D9 UBO declaration	Required
D10 Director / UBO IDs	Required
D11 Board resolution	Required
D12 Corporate bank account letter	Required
D13 Audited financials	Often
D14 AML / CFT policy	Required
D15 KYC policy	Required
D16 Privacy policy	Required
D17 Terms of service	Required
D18 Information security policy	Often
D22 HTTPS callback URL (/api/webhooks/payments/momo)	Required
D23 Technical contact	Required
MTN merchant / Collections agreement	Required (MoMo-specific)

Also provide: business category, estimated transaction volume, settlement account, production domain.

Env when approved: PAYMENT_PROVIDER=momo , MOMO_SUBSCRIPTION_KEY , MOMO_API_USER , MOMO_API_KEY , MOMO_CALLBACK_URL

Cloud storage — Cloudflare R2

Document	Required
----------	----------

D1 Certificate of Incorporation	Required (billing identity)
D3 Business Registration	Required
D4 TIN certificate	Required
D7 Proof of business address	Often
D10 Signatory ID	Often
D12 Corporate bank / card for billing	Required
D16 Privacy policy	Required
D18 Information security policy	Often
D20 DPA registration (Ghana)	Often (if storing personal/KYC data)
Cloudflare account verification	Required (R2-specific)

Use case to describe: private KYC & financing documents, property images, signed URL access, audit logging.

Env when approved: `STORAGE_DRIVER=s3` , `S3_ENDPOINT` (R2), `S3_BUCKET` , `S3_ACCESS_KEY_ID` , `S3_SECRET_ACCESS_KEY` , `S3_REGION=auto`

Cloud storage — AWS S3

Document	Required
D1 Certificate of Incorporation	Required (AWS account / billing)
D3 Business Registration	Required
D4 TIN certificate	Required
D7 Proof of business address	Often
D10 Signatory ID	Often
D12 Corporate bank / card for billing	Required
D16 Privacy policy	Required
D18 Information security policy	Often
D20 DPA registration (Ghana)	Often
AWS account verification	Required (S3-specific)

Use case to describe: same as R2 — private `private/kyc/*` , `private/financing/*` ; public `public/properties/*` .

Env when approved: `STORAGE_DRIVER=s3` , `S3_BUCKET` , `S3_REGION` , `S3_ACCESS_KEY_ID` , `S3_SECRET_ACCESS_KEY` , `S3_PUBLIC_URL`

4. Quick comparison matrix

Document	Arkesel SMS	Hubtel SMS	MTN MoMo	R2	AWS S3
Certificate of Incorporation (D1)	✓	✓	✓	✓	✓
Business Registration (D3)	✓	✓	✓	✓	✓
TIN certificate (D4)	✓	✓	✓	✓	✓
Proof of address (D7)	✓	✓	✓	○	○
Director / signatory ID (D10)	✓	✓	✓	○	○
Board resolution (D11)	○	○	✓	—	—
UBO declaration (D9)	—	—	✓	—	—
Corporate bank letter (D12)	—	○	✓	✓	✓
AML / KYC policies (D14–D15)	—	—	✓	—	—
Privacy policy (D16)	✓	✓	✓	✓	✓
Info security policy (D18)	—	—	○	○	○
Sample SMS templates (D21)	✓	✓	—	—	—
HTTPS callback / domain (D22)	○	○	✓	—	—
Provider-specific agreement	Sender ID	Hubtel form	MoMo merchant	Cloudflare	AWS

✓ = Required · ○ = Often requested · — = Rarely needed

5. Recommended submission order

1. **Prepare core KYB pack once** — D1, D3, D4, D7, D10, D16
2. **SMS** (Arkesel or Hubtel) — fastest; add D21 + Sender ID
3. **Cloud** (R2 or S3) — for KYC document storage in production
4. **MoMo** — heaviest pack; submit when core policies and website are live
5. **Partner Bank API** — see [bank-partner-api.md](#) (separate bank KYB)

6. Where documents are stored internally

- Secure folder: private cloud path `private/compliance/kyb/` (see [cloud-storage-setup.md](#))
- **Never** commit certificates, TIN scans, or API keys to git
- Access: admin / compliance roles only; downloads audit-logged

7. Technical setup guides (after KYB approved)

Integration	Setup guide
Arkesel SMS	sms-integration.md
Hubtel SMS	sms-integration.md (Hubtel section)
MTN MoMo	momo-integration.md
R2 / S3	cloud-storage-setup.md
Partner banks	bank-partner-api.md

8. PDF export

```
npm run docs:kyb-matrix-pdf
```

Output: docs/integration-business-documents.pdf
